- 1) Call meeting to order, welcome and opening remarks by the commission chairman.
- 2) Reading and approval of the May 2014 Moscow Coloured Stone Commission minutes.
- 3) Decisions taken by the CSCSC are recommendations for review and approval by the Coloured Stone Commission. Issues that were discussed were:
  - a) The disparity of origin and treatment results of laboratory reports.
  - b) The use of terms such as “Pigeon Blood” or “Royal Blue” in laboratory reports and the lack of harmonization of these terms amongst the laboratories versus the demands from the trade to use such reports as marketing tools.
  - c) The growing industry reports regarding “Ethical Sourcing” for colored gemstones, and report on the Hong Kong meeting with ICA.
  - d) Promote the need for disclosure of gemstone treatments.
  - e) Any new treatments, suggestions for changes/additions/updates in the Gemstone Book and its annexes.
  - f) Explain work in progress on harmonization of the Diamond, Pearl and Gemstone Books.
- 4) Other business.
- 5) Adjournment
